

SEBB Program Money Talk

Can you afford to enroll your family?

Covering your family's medical insurance will cost **no more than three times** the employee-only rate.

What does that look like for your family?

This illustration shows the difference in employee monthly premium "tiers." The employee-only rate is multiplied by the tier, resulting in the overall cost of coverage.

Tier	Who's covered	Your monthly premium
1	 You	
1.75	 You + children	
2	 You + spouse/ state-registered domestic partner	
3	 You + spouse/ state-registered domestic partner + any children
