

Dear Fourth Grade Families,

This is your fourth grader's snow day packet.

This includes all of the assignments your child is responsible for to be counted in attendance at school, while home during a snow day.

Activity Table: On the following pages you will find the work in the form of a table. Your child needs to choose **one** activity from each of the three rows (reading, writing, and math) **for each snow day.** Paper has been provided for the written work.

Daily Schedule: The schedule includes contact information for zoom attendance and/or contact information for attendance.

Activity Assignments: All of the papers needed for the activities are found within the packet.

Please text or email your child's teacher with any questions you have. We are available throughout school hours (10-3) to help!
