

# 5th Grade Weekly Assignments

## June 5 - June 11

**Math:** Math is a tool that is used in many different subjects. This week you'll be using math to complete a social studies task. You'll be graphing data. ( Also, if you haven't completed the geometry choice board from last week, be sure and get it completed!) Here's what to do:

- Watch graphing video -- <https://www.youtube.com/watch?v=n2YkbdNORp8>
- Read about Cod Fishing in the Northern Colonies.
- Complete all tasks in math packet.
- Return work to teacher.

**SCIENCE:** Finish any science work that is still not completed including your salmon choice board, 360° observations or any other other work.

**READING/SOCIAL STUDIES:** This week we are continuing with The Thirteen Colonies. Our reading this week is about the mid-Atlantic colonies.

You will need to:

- take Three Column Notes on the 9 vocabulary words
- write about The Main Ideas
- write a journal or diary entry

**LEARNING REFLECTION:** Take some time and reflect on your learning these past 2½ months. Click on the following link and complete the reflection form. Be sure and click on submit when you're done.

[https://docs.google.com/forms/d/e/1FAIpQLSc59n4oG-Yv\\_ajj1-KgqHLTI3TXo15CVtHvuNDFjK\\_dIKICw/viewform?usp=sf\\_link](https://docs.google.com/forms/d/e/1FAIpQLSc59n4oG-Yv_ajj1-KgqHLTI3TXo15CVtHvuNDFjK_dIKICw/viewform?usp=sf_link)

Please continue recording your daily reading on the June calendar.

**REMINDER:** You can find all the needed resources on your teacher's classroom website. June Reading Log, Library Book Checkout Request , Links to all Videos, PDF's, and Past Assignments. If there is something you can't find, contact your teacher, and she or he will get it to you!
