

LA CONNER SCHOOL DISTRICT WELLNESS COMMITTEE MEETING

You are invited to attend a meeting of the La Conner School District Wellness Committee on Tuesday, April 18, 2017 at 2:45 pm in the Baker Room on the second floor of the District Office. This group has been developed to work together with school district staff, students, parents and community partners to achieve health and fitness practices at school and beyond that lead to wellness.

This committee will work to uphold district Policy 6700 Nutrition and Physical Fitness, adopted by the La Conner Schools Board of Directors, which outlines nutrition standards for the food service program with recommendations for healthy snacks as well as physical fitness and health education standards and implementation. Over time, the committee will report progress and updates to the Board and community.

Community partners are invited to help support events where families can eat well and share fun fitness activities for healthy living.

For more information, please contact Georgia Johnson, Food Services Director and Culinary Arts Teacher, at gjohnson@lc.k12.wa.us
Or: Connie Funk, Administrative Assistant, at: 360-466-3171
