4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

First, we will be returning 100% in-person which will reduce the barrier of interest and transportation that COVID has put on involvement this year. As a district we are also working on implementing no extracurricular fees for all our students; this will greatly improve our athletics participation next year as well.
