

Multiplication Choice Board

<p style="text-align: center;">Rainbow Facts</p> <p>Pick one multiplication group. (example: 3's, 4's or 5's)</p> <p>Write each multiplication fact 3 times using a different color each time.</p>	<p style="text-align: center;">Card Game</p> <p>Play a game of multiplication war with a partner. Play until one person has all the cards.</p>	<p style="text-align: center;">Make a video</p> <p>Make a video of you practicing your multiplication facts for a number group (6's, 7's, etc.) you struggle with. Have each fact rhyme. Example: "7 x 8 is 56 said the candle sticks."</p> <p>Text the video to your teacher!</p>
<p style="text-align: center;">Flashcards</p> <p>Practice your math facts with flashcards.</p>	<p style="text-align: center;">Online Practice Use one of the following sites.</p> <p>www.multiplication.com</p> <p>https://quizlet.com/13271709/multiplication-facts-0-12-flash-cards/</p> <p>https://www.sheppardsoftware.com/mathgames/menus/multiplication.htm (There are 16 multiplication games on this site.)</p> <p>https://www.factmonster.com/math/flashcards</p>	<p style="text-align: center;">Fact Flower</p> <p>Make a fact flower for a number group you need to practice.</p> 
<p style="text-align: center;"><i>Multiplication Roll 'em</i></p> <p>Find a partner for this game. Each partner will need 2 dice. Each person rolls and multiplies the 2 numbers. Whoever gets the highest product wins and gets a point. The winner is the first person to get 15 points.</p>	<p style="text-align: center;">Sing along to one of the following videos:</p> <p style="text-align: center;">Multiplication Mashup https://www.youtube.com/watch?v=EgjCLhol9Mk</p> <p style="text-align: center;">Multiplication Rock https://www.youtube.com/watch?v=zSRRAHvSQBo</p>	<p style="text-align: center;">Make your own artful cards</p> <p>Create your own set of multiplication flash cards for the facts that are hard. Have each card show the answer in an "artful" way. The art helps your brain make a connection to the math fact.</p> <p style="text-align: center;">Example: 7 x 7 = (draw 49 basketballs)</p>
